

Mount Athos

Works by Tim Vyner

Exhibition at the Mount Athos Centre in Thessaloniki

The work was exhibited at the Mount Athos Centre, from 24 October 2014 – 28 February 2015 and then extended for a further 3 months as a result of its popularity. The exhibition included a combination of finished drawings, sketchbooks and animations produced on location.

A book in both Greek and English, provides the lasting document of the project. A new narrative type chronicles the journeys taken including visits to Sketes, Chapels, working environments and destinations beyond the Monastery walls but within the Mountain. Avoiding the temptation to 'mythologise', the information from such a unique environment was collated, reviewed and analysed to create a contemporary view of life on the Holy Mountain.

The book includes introductions from Holy Community, Ecumenical Patriarch, the Mayor of Thessaloniki and a critical essay by Art Historian, Dr Syrago Tsiara.
