The Worst Class in the World

Dr. Rappin's Preamble:

Mrs. Rottenberg, Blunt

Headstrong: Has a long, irritated List of Rules. Makes a noise like a horse when she is annoyed, which is a lot.

Class 08:

Mr. Nodart:

Firm believer that everything can be mended with kindness. Often proved wrong.

Marion, Brakshane

Fond of fooling, fiddle-faddling and silly-shillying, much to Mrs. Rottenberg Blunt's annoyance.

Martin, Martia

Determined to be the First Human Boy Ever to do a lot of dangerous, foolish and impossible things.

Kath, Martia

Self-proclaimed King of the Internet. Falls asleep in class a lot.

Blunt, Ronglet

Once got a plastic hot-waterer stuck up his nose for a week. Can bury the national anthem.

And also it turned out that Mrs Hutchinson Street did not agree that we should get the Golden
Tears back for being ~~INTERFERED~~ ~~and~~ ~~AWESOME~~ because of the Smelly Death Log nurse
because there is so much things there is

Loretta Deane and Larry Bradshaw drive some ~~flowers~~ and cars, which Margit used had
nothing at all to do with ~~flowers~~, but Loretta said actually it was ~~ST-BLINDING~~, advertising
a flower and cars made every one happy, so they would be in the ~~GOOD~~ ~~MONDO~~ to her.
hawaii. Only Maril Lenson said, "Not if you have been savaged by a cat or possessed by a
deadly hemlock, then it will just make you ~~ANGROSS~~." Mr Higgins said being savaged by a
cat or eating deadly hemlock was ~~HIGHLY UNLucky~~ round those parts. Maril Lenson said
in fact there are 600,000 cat bites every year in America, so statistically, one of us might get
bitten any minute. Mr Higgins said perhaps just ask your gerbil ~~don~~, as they are the less
dangerous and Maril Lenson was about to say something about gerbils but luckily one
and Maryn had finished our sign then and so we shouted T.A.D.A. so everyone would look and
they did.
