2

I have gained knowledge and skills that may benefit future research as a result of attending the workshop.

YES

MAYBE

NO

3

Will you talk or think about the technologies, creative applications and skills learned in this workshop again after the workshop?

YES

MAYBE

NO

4

Please describe anything that is new or different that you are likely to do in the future as a result of your participation in the workshop today.

I would like to use this technology to help me to curate materials so that I can remember why I took a picture of something or make a comment (which I tend to forget).

5

What is the most important thing that you will remember about your experience in the workshop today?

I didn't know that there is an app for this!

THANK YOU FOR YOUR FEEDBACK!
