

SUMMER HEAT

Maxwell wants to see what happens at the Biscuit + Bone Club. All the dogs are intrigued and excited at the prospect of going into the woods / finding out what MADISON is doing (why is she?)

THE WOODS ~ different, beautiful, smells of moss and damp earth, the splash and bubble of the stream, bathing in cool water. Glimpse of **FERN** the fox. Sound of distant FOXHOWLS.

Maxwell (**HEARING**) - sense of new world opening up. Conversation with **Paisley** about what she saw out of the window of the car.

MR B - impressed with colour scheme of woods - 'very restful.' Wonders about re-doing kennel.

RESTREAD - not very orderly place - needs tidying up. Logical. Why is Madison? (mystery - eventually, at the end, female poodle comes on for a biscuit, but not interested in Madison. 'Never mind Madison,' says Mr B. 'You can help me redecorate my kennel if you like.') contrast with beginning.

PAISLEY -

- no human scent, hidden away...

THE BISCUIT + BONE - describe: woven branches ~ hanging from bough of a tree (bisc/bone). Upturned tree-branches. Counter. Jars filled with...

MONICA + MEGAN - & after talking to Big Red...

ROYSTON + RIDLEY

MADISON - welcome, trying to be nice to cats etc. - Mr B: I don't understand it.

Fern - panic - they calm her down. Megan - fetch her a drink and something to eat. 'But she's a fox' It doesn't matter who or what she is...
